FASTFINGERPRINTS BRINGS LIVE SCAN FLORIDA FINGERPRINT TECHNOLOGY TO OHIO!!!!!!!!!!!!

Columbus, Ohio (March 11, 2013) — Moving to Florida for a new job? Planning to volunteer with a church, school or hospital when you will be spending time in the sunshine state? Adding a Florida license to your resume to expand your business capabilities? If you answered yes to any of these questions and have been asked to complete a Level 2 live scan background check for Florida, as of April 1, 2013, FastFingerprints in Columbus can help!

FastFingerprints, a division of National Background Check, Inc. (NBCI), is approved by the Florida Department of Law Enforcement (FDLE), to process Level 2 live scan background checks. As an approved Level 2 live scan vendor for FDLE, FastFingerprints is able to capture fingerprints electronically at the Columbus office located at 1486 Bethel Road, Columbus OH 43220. This process meets the Level 2 live scan background check requirement in the state of Florida. Fingerprints are electronically submitted to FDLE, processed with the FBI and results are delivered to the state agency requesting the background check.

Required to complete a Level 2 background check that includes a photo? Some Florida state agencies, such as the Department of Health (DOH) and the Agency for Health Care Administration (AHCA) now require a photo with each background check. FastFingerprints has been certified to submit these background checks required by AHCA and DOH in Florida, and your photo will be captured at the time you are fingerprinted.

As of April 1, 2013, visit the Bethel Road location in Columbus, OH to be fingerprinted for AHCA, DOH or other Florida purposes. Walk-ins for Florida FDLE background checks will be welcomed at this location, Mon-Fri 8am – 5pm. Please be sure to bring a government-issued photo identification and the appropriate ORI number.

FastFingerprints is also prepared to offer fingerprint cards to those who seek licensing outside of Florida or Ohio. At our locations in Independence, West Chester, Bethel Road, and Maumee/Toledo, fingerprints can be captured electronically and printed onto 2 fingerprint cards, which you can then send to the applicable licensing board in the desired state of licensing. If you have confirmed that submitting fingerprint cards is acceptable for your request, visit our website www.fastfingerprints.com to check the hours of operation for the locations listed.
